### SKILLS

#### Technical Skills:

##### WEB TECHNOLOGIES :

- React JS
- HTML5
- CSS3
- JavaScript
- jQuery
- Bootstrap
- Redux
- Django - python

##### APP TECHNOLOGIES :

- React Native

#### Soft Skills:

- Dependable & Responsible contributor
- Flexible Team Player
- And with good Emotional Intelligence

### EDUCATION

#### BE - Mechanical Engineering

#### SSM IET

2019 - 2023

Completed the degree with the overall  
Percentage of 80.6%

### OBJECTIVE

I am a passionate and driven Web developer with 1 year of hands-on experience in building responsive and user-friendly websites. My technical skills are complemented by a strong commitment to continuous learning and professional growth. Currently, I am deepening my expertise in Back-End Development to gain more logical thinking and Problem-solving ability. My objective is to leverage my growing skill set to contribute effectively to a dynamic and innovative team. I aim to enhance my knowledge further to driving both personal and organizational success. With a keen interest in fostering growth and excellence, I am eager to take on challenges that will help me develop into a well-rounded developer capable of delivering high-quality, impactful solutions.

### CERTIFICATION

#### Front-End Development | AIS Education Center :

May 2023 - November 2023

Additionally I completed a course on Front-End Development and Back-End knowledge from the AIS Education Center and at the time of the learning I had done the project with the Fundamental things.

### WORK EXPERIENCE

#### App Developer | UI Developer

BugTreat Technologies

November - 2023 - Present

- **HTML/CSS Development** : Built and styled responsive web pages using HTML5 and CSS3, including media queries and modern layout techniques like Flexbox and Grid.
- **Javascript and JQuery** : Implemented interactive features on web pages, leveraging JavaScript and jQuery for DOM manipulation and event handling.
- **Cross-browser Compatibility** : Ensured consistent performance and appearance across different web browsers by identifying and resolving compatibility issues..
- **Problem solving & debugging** : Diagnosed and fixed issues related to layout, performance, and functionality to ensure high-quality web experiences.
- **Collaboration** : Worked closely with designers, back-end developers, and project managers to translate design mockups into functional user interfaces.

### PROJECTS

- **APPLICATION** : Developed a responsive front-end for a food delivery app using React Native, integrating real-time tracking and optimizing for mobile use.
- **WEBSITES** : Built front-end interfaces for multi-concepts based website across multiple countries, responsiveness, and culturally adaptive design.
